To whom it may concern,

My name is James M. Brown. I have been the Director of Facilities in the Tattnall County School District, in Tattnall County Georgia, for the past 10 years. For the past 9 years we have used Gabriel's Ultra Gloss on all of our tile floors.

I first became interested after noting the poor quality we were receiving from the floor finish we were using. I had received flyers from the Gabriel Company touting their finish so I decided to give it a chance on a limited basis. Much to my surprise, when applied and cared for as recommend, the product lives up to their claim.

The product produces the highest quality finish that will stand up to the day to day traffic. Again, I emphasize that with proper maintenance and upkeep of the floors you will receive many years of service without the need to strip. We have floors that have not been stripped for more than 6 years.

An added bonus for my system is the savings which approaches 50% of the cost of other finishes.

If you have questions feel free to call me @ 912-557-4726.

Sincerely,  
James M. Brown Ed.D.  
Director of Facilities
